

Community Forum on Older Women Abuse

Women abuse does not fade away with age. In fact, older women abuse has been steadily increasing since 1998.

Please join the *Bridging Aging and Women Abuse*[♦] project team for our launch of two innovative tools followed by an interactive panel to develop next steps to ensure a more effective, coordinated response to older women abuse.

Older women often fall through service gaps all the way down to the streets. To bridge these gaps a team of older women, who know *first hand* what it is like to experience abuse in later life, came together to produce two unique tools. These tools will be shared at the

community forum followed by an interactive discussion led by the *Bridging* team along with other experts from the elder abuse, violence against women and homeless/housing sectors.

When: Thursday November 26th 2009 from 3:00 – 4:30 p.m.*

Where: The Church of the Holy Trinity, 10 Trinity Square
(West of the Eaton Centre between Dundas and Queen)
